The 13th Workshop on

Computer Algebra in Scientific Computing

2011

September 5 - 9, 2011
Kassel, Germany

Topics

exact and approximate computation

numerical simulation using
  computer algebra systems

parallel symbolic-numeric computation

symbolic-numeric methods
  for differential, differential-algebraic
  and difference equations

symbolic-numeric methods for
  polynomial equations and inequalities

algorithms and complexity
  in computer algebra

automated reasoning in algebra
  and geometry

algebraic methods in geometric modeling

application of computer algebra to
  natural sciences and engineering

problem-solving environments

internet accessible symbolic and
  numeric computation

General Chairs

Vladimir P. Gerdt (Dubna)
Ernst W. Mayr (Munich)

Program Committee Chairs

Wolfram Koepf (Kassel)
Evgenii V. Vorozhtsov (Novosibirsk)

Local Organization

Werner M. Seiler (Kassel)

Important Dates

deadline for (electronic) submission: April 1, 2011
notification of acceptance: May 23, 2011
deadline for final version: June 10, 2011

Program Committee

Sergei Abramov (Moscow)
Alkis Akritas (Volos)
Hans-Joachim Bungartz (Munich)
Andreas Dolzmann (Saarbrücken)
Victor F. Edneral (Moscow)
Ioannis Z. Emiris (Athens)
Jaime Gutierrez (Santander)
Richard Liska (Prague)
Marc Moreno Maza (London, Canada)
Alexander Prokopenya (Brest, Belarus)
Eugenio Roanes-Lozano (Madrid)
Valery Romanovski (Maribor)
Markus Rosenkranz (Canterbury)
Mohab Safey El Din (Paris)
Yosuke Sato (Tokyo)
Werner M. Seiler (Kassel)
Doru Stefanescu (Bucharest)
Stephen M. Watt (Western Ontario, Canada)
Andreas Weber (Bonn)
Eva Zerz (Aachen)

General Organizing Committee

Werner Meixner (Munich, chair)
Christine Lissner (Munich, secretary)
